ICE's unchecked contracting and inspection systems have created fertile ground for abuses and rights violations at the Yuba County Jail. Detainees have paid a horrific price in human suffering.

In the past five years alone, there have been at least 41 suicide attempts prior to the recent suicide attempt in May 2019.

Detainees have staged 2 hunger strikes, one in 2018 and one in 2019, to protest lax oversight and ongoing failures .

The soul-crushing conditions dehumanize and reflect badly on our country.

It is time to end the contract with Yuba County now.
